PARK WOOD IN AUTUMN

DO YOU HAVE A LOG FIRE? CALLING ALL LOG BURNERS

We would like your feedback!

Several Oaks and Holly trees will be felled in the next couple of months – we are thinking of organizing a day where members who want logs can come and saw them and take them away at a small charge. This will save you money and you will get the satisfaction of having cut your own logs from our own wood.

The Autumn Meadow clearing took place last weekend and a very small band of volunteers worked very hard to clear both meadows - many thanks to you all.

We have learnt that the Havant Borough Local Plan has put Park Wood as a DESIGNATED GREEN SPACE. This is to comply with Government requirements SO CANNOT BE DEVELOPED. We would like to feel that Park Wood is there because of the hard work of the F of PW and of the vision John Carter, to whom we owe a great deal.

We have been approached by the Air Cadets for permission for them to train in the wood, it would be mainly 'principles of camouflage and concealment as well as techniques of movement'. This is an example of the wood being open to all to use. The Woodland Trust have no objections.

We have been sponsored by Johnson Controls, who have kindly donated over £2000 to the F of PW. This money will be used to replace the disabled gate at London Road, to provide some hard surface at London Road and to purchase new tools. We are very grateful to Johnson Controls for their kind support and sponsorship.

The SSEB continue to help us with the more strenuous work in the wood. Their muscle and skill is invaluable and the days are always productive and a lot of fun – the next SSEB volunteer day will be in November – we will keep you posted.
